Do Not Show Your Age in Your Complexion

By DOROTHY YENN.

(From San Francisco Examiner.)
What woman would not look young if she had a clear, soft complexion? Perhaps the most wonderful skin treatment is one of the most simple. Dr. Takaka Quindt, Japan's famous skin specialist, gives San Francisco women the following advice:
"Yes, we never grow old in Japan—I mean the women's faces never show age. All Japanese women use mayonaisse dissolved in witchhazel, and massage the solution thoroughly into the face, neck and arms once or twice a day. This treatment is absolutely harmless even to a baby's skin, and gives wonderful results, removing all manner of facial blemishes. It also prevents the growth of hair. You never saw a Japanese woman with hair on her face.
"Take a small original package of mayonaisse and dissolve it all in eight ounces of witchhazel, and you are supplied with this aid to youth." (Adv.)

LONG LOST CHILD FOUND

Mother and Daughter Discover One Another's Identity After Years.
Sandusky, O., April 9.—Mrs. Grace Loosley, of 7246 Princeton Avenue, Englewood, Ill., has just learned that she is the daughter of Mrs. W. A. Walton, of Ashbury Park, N. J., separated from her mother almost since her birth. Mrs. Loosley, until this week, has believed herself the daughter of John Kugler, long a resident of Sandusky.
Her mother, in turn, was ignorant even of the name by which her daughter was known. A few days since she wrote to the Police Department here, asking the whereabouts of "Grace Loosley." The similarity in the names led to the tracing of Grace Kugler to Illinois, where long ago she married a young brother of Chicago.
Word was sent to Mrs. Walton, and she is now on her way. According to a message received here, to meet her long lost daughter.

AVIATION MEET AT MEMPHIS.

J. C. Marsh, Amateur, Carries Off Honors of the Day.
Memphis, Tenn., April 9.—Aviation honors were carried off this afternoon by J. C. Marsh, the amateur who gave his first public flights the opening day of the local meet. In addition to equalling Glenn H. Curtiss' world's quickest record of 1:19.2 seconds, Marsh attained a height estimated at 400 feet, clearing the course several times before alighting. The young aviator was given enthusiastic applause as he landed his machine before the grounds.
Charles F. Willard narrowly escaped injury in making his initial flight. In attempting to circle the course his airplane was caught by a gust of wind, veered sharply, and swaying and tilting started swiftly to the ground. Willard saw that he would be forced to strike the fence, and instead of taking it broadside landed head-on.

Free Rheumatism Cure

A Home Cure Will Be Given FREE by One Who Had It.

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know for over three years. I tried remedy after remedy and doctor after doctor, but such relief as I received was only temporary. Finally I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bed-ridden with Rheumatism, and it effected a cure in every case.
I will send a free trial of this precious remedy by mail, postpaid, to any sufferer who writes for it. Just fill out the coupon below and mail it to me to-day.

NEW RECORDS MADE.

Results of Motordrome Held at Playa del Rey Yesterday.
[Special to The Times-Dispatch.]
Playa del Rey, Cal., April 9.—Two world's records and one new American record were made at the motordrome held at Playa del Rey yesterday. The records were made by George Robertson, in the Simplex, and Caleb Bragg, in the Flat 90. In the ten-mile free-for-all, reeled off many miles under the forty-second mark, and completed the ten in 6:35.5, the Simplex winning by a hundred feet, and establishing a new world's record. For seven miles the cars were lapped, it being difficult to tell at the wire for the first five laps. At the end of the eighth circuit the gap was widened to 1:15.7. Had not a tire gone wrong, within a sixteenth of a mile from the wire, the record would have been broken. This was Oldfield's second trial. On the first he retired on account of tire trouble, after going two miles in the sensational time of 1:12.7.
A national speedway record was established by Endicott, in the Cole, in the fifty-mile race for stock cars, covering 141-230 cubic inches piston displacement. The fifty-miles were made in 42:39.63. The former record at 141-230 was made by the Cole and the Buick all the way. The five-mile classic C. 451-600 cubic inch displacement, displacement was won by Oldfield, in the Knox, after Handshew, in the Apperson, had held the lead for a mile.
The stock handicap was won by the Ford, with a handicap of 310, with the Stoddard-Dayton second and the Knox third.

"77" Humphreys' Seventy-Seven Famous Remedy for Grip & COLDS

"Colds are caused by a sudden surface chilling of the skin." This makes the blood vessels of the skin contract. When the skin blood vessels contract the blood vessels in other parts of the body become congested. This state of congestion permits the microbes, which in every person gradually collect on the outside of the mucous membrane, to get in deeper and begin their mischievous work. When the membrane is normal there are a lot of microscopic cells which keep the germs from entering the circulation. But as soon as the membrane becomes irritated these microscopic cells are swept away and the membrane is unprotected.
The use of "Seventy-seven" relieves the congestion, starts the blood coursing through the veins and breaks up the cold.
Handy to carry, fits the vest pocket. All drug stores, 25c.

Advertising of the Right Sort--- Besides Paying the Advertiser---

is a guarantee of quality to the customer. For instance, we've spent thousands of dollars in advertising our ALASKA Refrigerators. But—we absolutely knew that we had the best refrigerator ever made when we started to advertise them twenty years ago. The result is that by the 1st of May this year we will have received over three solid carloads of ALASKAS, whereas we don't believe a single competitor has ever received a single carload. When you buy an ALASKA you know for sure that you're getting the very best at a reasonable price—you'll know that you're getting a refrigerator that's good for at least twenty years' service unless you take an axe and deliberately break it up.

The right sort of advertising, the right sort of goods and the right sort of store service is what has made our mammoth store grow from a small beginning. Watch us sell a couple of cars of DETROIT JEWEL Gas Ranges and "OLD HICKORY" Porch and Lawn Furniture.
